

# PLISSÉ 2

Craie

Gris

Poudre

Taupe

Terracotta

Bleu nuit

Vert

Bois brûlé

A play on vertical and linear lines, "Plissé" is a radical and minimalist approach to light and shadow modeling. By working the material in a ribbed, slanted, or layered pattern, the machine leaves an imprint that suggests a certain gentleness in its operation. Using the layered pattern makes it possible not to cover the entire surface to leave room for "non ornament", simplicity, and blank space.

## Plissé

Bas-relief

Croisement

Tuile

Trait anglais

Sillage

Dimension:  
2500 x 1220 mm

Substrate:  
18 mm carved MDF

Finish:  
Hydro lacquer  
3 coats

Fire rating:  
On demand
